

## CONEG Statement Letter

January 3, 2024

Dear Customer,

Panoramic, LLC. uses FDA approved polyester resins along with FDA approved food grade silicone (as a processing aid) in the manufacture of our plastic product(s). The materials most commonly used are: PET and RPET.

Panoramic, LLC does not intentionally add any heavy metals; namely lead, mercury, cadmium, and hexavalent chromium to our products. While we do not test for the presence of these metals, our raw material suppliers have provided certification that none of the above listed metals are used to manufacture, nor are intentionally introduced to, the materials that they supply to Panoramic, LLC.

Thank you for your interest in our products.
